Leetonia Residents Also  
Compelled To Pay For  
Auto Tires.

## FIVE ARRESTED FOR PART IN ROBBERIES

Bound Over to Court After  
Hardware And Tires  
Are Recovered.

Leetonia, Nov. 17.—Ten Leetonia residents who faced Mayor W. W. Long Wednesday afternoon on charges of purchasing stolen automobile tires were compelled to pay for the tires and also to pay fines ranging from \$20 to \$25.

Carl Oliveira, who it is alleged was implicated in the thefts, was bound over to court under bond of \$150. For almost a year numerous robberies have been committed in Leetonia, cars belonging to the Pennsylvania railroad company having been broken open and a large number of automobile tires stolen. About two weeks ago the Taylor-Luce Co. hardware store was entered at night when razors, pocket knives, revolvers and flashlights were carried away.

Suspicion began to center on several young men at Leetonia and last Saturday four arrests were made. Patsy Cimlinelli, Raymond Barnes, Francis Montemus and Joseph Nangle pleading guilty in Mayor Long's court.

Cimlinelli, Barnes and Montemus confessed that they robbed the hardware store and Nangle admitted that he had taken the tires. All were bound over to the grand jury under bonds of \$2,000, Cimlinelli being released when his father and brother furnished the bond. The others were taken to the county jail.

Thirty-one tires were found hidden in an old building and practically all of the merchandise taken from the hardware store was recovered and identified by the owners.

A committee of Leetonia business men recently appeared before the village council with a petition that better police protection be given the village. Council agreed that a night policeman was needed and Mayor Long appointed W. S. Groner to serve until Jan. 1, when the new administration will take up the matter.

## FREE NATION FROM WORLD AGGRESSION

Diplomats Declare They  
Are Optimistic Of  
Success

Washington Nov. 17.—With plaudits of the master stroke of Saturday still echoing round the world, Charles Evans Hughes today was credited with another diplomatic triumph of scarcely less importance as the full significance of China's ten proposals to the Far Eastern conference became apparent and the likelihood of their acceptance increased.

Abrogation of the Anglo-Japanese alliance was freely predicted in high official circles as an inevitable result of the acceptance of these ten "general principles" laid down by the Chinese delegation in yesterday's secret session.

The action taken by China is understood to have been with the full knowledge and approbation of the United States and it is known that the "principles" themselves are in full accord with the policy of this government toward China.

The attitude of the United States toward the Anglo-Japanese alliance has been well known for some months. The statement is made on good authority that the desire was one of standing on his point was one of the important underlying causes for the calling of the present conference and administration officials and experts are agreed that the success of the Hughes' plan for the limitation of naval armament is contingent upon the abrogation of that treaty.

There has been much speculation, however, as to just how the question could be brought up in the conference the difficulty of one sovereign nation suggesting the course of other sovereign nations with respect to their treaty relations being perfectly obvious.

Of all the nations sitting about the table in the Pan-American building, only the United States has no territorial concessions or "special privileges" in China's mainland. The American policy is construed purely of the principle of the "open door" laid down by John Hay 22 years ago. It has for its object equal opportunity for all in the development of Chinese trade and resources and "special privileges" for none.

In the meantime it will be impossible to lock up new prisoners.

## WORLD LEADERS BEGIN SETTLING FATE OF CHINA

Inevitable Result Of The  
Acceptance Of China's  
Peace Program.

## ANOTHER TRIUMPH FOR SECY HUGHES

Action Taken By China With  
Full Approbation Of  
United States.

Washington, Nov. 17.—Behind the great bronze doors of the Pan-American building, symbolic of peace and justice among nations, and screened away from the gaze of press and public, the powers today began settling the fate of China.

Before them was a new Chinese "bill of rights"—ten general principles, the practical application of which would make the great Celestial republic of the Far East once more a nation freed from foreign greed and aggression.

Denied a hearing at Paris, her territory seized, and her international affairs conducted by outsiders, China has come to Washington as a court of last resort to try to recover her lost provinces, the right to regulate what goes on within her own borders and her independence of action as a nation.

The fate of China which is woven so closely in the wheel fabric of Far Eastern questions is the most delicate of all the questions which the powers will be called upon to settle here. It is the most prolific of dispute and dissension among the powers assembled and for this reason it is taken up behind closed doors.

Admirals Work Out Details

While the diplomats of the nine nations were thus engaged today in seeking a solution of the troublesome issues of the Orient, the "committee of admirals" of the five major powers were also meeting privately to endeavor to reach an agreement on the details of Secretary of State Hughes' program of naval limitation.

The policy of concurrent consideration of naval limitation and the problems of the Far East, so strongly insisted upon by Secretary Hughes, is being carried out.

Thus, within six days of the initial session the conference has agreed upon the greatest program of naval destruction and future regulation the world has ever seen, and has launched fully into the most difficult part of the agenda. The progress already attained has set a new mark of efficiency for international gatherings.

Publicly, the diplomats engaged in the settlement of China's fate and the future policies of the Orient, profess themselves optimistic of success. They proclaim their belief that despite the delicacy of the negotiations and the vast interests involved they will be able to reach an agreement that will restore to China what is rightfully hers and at the same time protect their own interests.

## Dry Law Enforcement

UNDER the auspices of the Anti-Saloon league a meeting will be held in Salem Nov. 20 to interest the citizens in law enforcement, especially as it concerns the prohibition movement. If that meeting can awaken the civic consciousness to a point where it will demand the enforcement of the dry laws in Salem, it will have accomplished a good purpose. Without that awakening, however, oratory will accomplish no purpose.

When the 15th amendment was adopted it was assumed by citizens universally that as the fundamental law of the land it would be sacredly obeyed by all citizens as have all other amendments to that immortal document. To what extent that ideal has been realized practically everyone who can see understands.

In Salem the law is abused to the extent that even those who like their little drink now and then are ashamed of conditions. Bootleggers are doing a flourishing business, some of them on the main streets, without a fear of any interference on the part of those who represent the law. The worst phase of this situation is the brand of liquor that is being dispensed, a mixture of raisin jack, corn whiskey and other deadly concoctions that is driving men under its influence crazy. It is causing more trouble in Salem than all other influences combined, for it is stirring up agitations that men of sound mind would not give heed to.

The civic consciousness of Salem citizens surely needs to be aroused to the point where they will demand that this wide-open town shall have some dry law enforcement.

## The Straight Road To Peace

THE way to resume is to resume—that was the sound money war cry in 1878 when the resumption of specie payments was the overshadowing topic of the day. The way to disarm is to disarm, said Mr. Hughes to the astonished conference, and the whole world rejoices and applauds.

Since cave men began to make war clubs and fashion stone hatchets there has been nothing like this in all history, save only the Rush-Bagot "arrangement" in 1817, when we agreed with Great Britain that on Champlain and the Great Lakes there should be "on each side" only four vessels not exceeding 100 tons each and carrying no 18-pound gun. That "arrangement" was voluntary, like the program Mr. Hughes now submits to the conference; other ordinances of disarmament have been imposed by victors in war.

This is a culmination of plans of peace long urged and cherished. It is of intense interest, momentous. The hitherto unchangeable policy of always bigger ships and heavier guns, of uncounted millions to provide unmatchable navies, is to be suddenly reversed by the three chief powers of the sea; building is to cease and splendid warships are to be destroyed. A ten-year breathing spell for Vulcan will leave him little disposed to resume the beating out of armor plates. If the conference accepts this plan, if the nations agree upon it even with modifications, a great stride will have been taken toward assured peace.

## Secret Gold Field

There is no doubt that there is gold in the South, and the French government is taking steps to get it out. Concessions are being given to companies which will endeavor to operate gold mines in that country, and the natives will be regarded for revealing the places where nuggets have been found. Twenty years ago some natives brought in a 60-pound rock, which was found to be 90 per cent gold, and recently there have been found a number of smaller nuggets which were almost as rich. The South African fields are at present very difficult to reach, but the announced fact that a colonial railroad project is to be completed in a few years makes the outlook very hopeful, and the prediction is made by some that the South will some day outrival the Klondike. Hereafter the natives have been clever enough to guard as a secret the source of their gold findings.

## Aches and Pains Of Rheumatism

Sometimes They Are Unbearable.

There are rather conditions that make rheumatism worse. They are not the fault of the patient, but of the weather. In dry, warm weather the blood is more active, and the joints are more comfortable. In cold, damp weather the blood is less active, and the joints are more painful.

The cause of rheumatism is an excess of uric acid in the blood, which is due to the fact that the body is unable to eliminate it properly. This is often the result of a diet that is too rich in meat and fat, and of a life that is too sedentary.

## "Well, Isn't That Interesting"

A series of brief histories of things domestic. This is story No. 1 on Lighting.

It is rightly said that the cavemen lived in darkness! When he had any light at all, other than faint beams of the moon, it must have been a smoking torch of knotted, bark-covered wood or a clay vessel filled with dry twigs, ignited.

Cat-tails soaked in oil were the next step forward and it is likely that all early lamps were oil burners. Centuries spanned the whole, oil and the coal oil lamps, and the gas light, burning natural gas, supplanted both.

When American homes secured their light from candles and sperm oil the annual cost was about \$22 for the light of 5 candles 5 hours each night. Kerosene a little later afforded 50 per cent more light at the same cost. At the present time the average home requires 18 times as much light as a century ago and the cost per unit is about 3 per cent of what it was then. For one cent we now purchase enough electricity to operate a 20-candle power lamp for 5 hours.

What else in your home gives as steady service and as much comfort and convenience at little cost as electricity?

## ORDERS STATE TO BUY OHIO COAL AND FLOUR

Columbus, Nov. 17.—Following closely upon his order that all coal for state purposes must be bought from Ohio producers, Gov. Davis today announced that he has given orders that all flour for use of state institutions must be purchased from Ohio mills and the flour must be made from wheat grown by Ohio farmers.

Not only do the governor's orders cover coal and flour, but they are broadened to include all other articles as far as possible and practicable made or produced in the state.

In making these orders Gov. Davis said he was prompted by a desire to help stimulate business and employment conditions in the state.

## TOO STARVED TO BE HUNGRY?

There Comes a Final Stage in the Horror, When Taste for Food Is Lacking.

I cannot quite bring myself to tell tales of famine horrors—the monkey-faced, pop-eyed babies tugging hungrily at the cold breasts of dead mothers lying on the frozen ground; the pitiful old women and the squalid men; the incredibly dejected starving wail which I picked up outside of the city of Tsingking, the boy on the wall of Changling who was carrying home a starved cat for food, and in response to a query, tried so hard to sell it to me as a delicate morsel, and such general concomitants as the incidence of smallpox plague with the famine.

One of the unexpected aspects of work in the famine camps came when I was accompanying Mrs. Paxton of Changhai as she made rounds to distribute medicine to the sick among the hungry. As a matter of fact, relatively few persons ever die in a famine directly from actual hunger, but rather from diseases induced by malnutrition.

Obligingly, Mrs. Paxton freely translated for me as we went along, and we found, in pathetic paradox, that the commonest request of these starving creatures was for medicine to give them an appetite! Even when they succeeded in getting a bowl of food from the relief station, ran the repeated tale, they could not eat it, having no taste for food.

To us this meant, obviously, that the sufferers had reached the final stages, where craving for food had passed away. They were not hungry, because they were starving!—William T. Ellis in the Outlook.

## SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.

## LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

## MRS. GREEN WEAK AND FRAIL

Tells How Vinol Built Her Up and Increased Her Weight

MRS. S. V. GREEN READ HER LETTER

Emporia, Kansas—"Bronchitis left me in a weak, run-down condition so I was too weak and frail to do my work—I took all kinds of cough syrups and tonics but did not seem to gain. One day I read about Vinol and tried it. I commenced to improve. It gave me a good appetite, it built up my wasted tissues, I gained in weight and it strengthened and toned me up generally."—Mrs. S. V. Green, 2 South State street, Emporia, Kansas.

The reason Vinol is so successful in such cases is because it contains the curative tissue building elements of fresh cod's livers, (without oil), together with the blood making and strength creating properties of Iron and Beef Peptones which makes Vinol without a peer for overcoming frail, weak, run-down conditions, \$1.00 per bottle, guaranteed, J. H. Lease Drug Co., Salem.

### Five Sue City

Five separate damage suits were filed in common pleas court Tuesday against the city of East Liverpool on account of the closing by the city of Leonard street in Jethro Hollow, the damage claims being filed by property owners in this vicinity.

The plaintiffs in the cases are Edward Shaffer, C. E. Womer, Josephine Smith, Charles McMillen and Joseph C. Dimmerling. Shaffer demands \$1,500 damages; Womer \$800; Mrs. Smith \$1,000; McMillen \$1,500 and Dimmerling \$1,500. The properties of the plaintiff they state, front on Leonard at which has been a public thoroughfare for more than 30 years, until just recently when the city caused earth to be dumped on the street to such an extent as to close it to all traffic. The property owners state that they are unable now to obtain groceries or fuel as they are completely shut in from the outside world. It is also stated that for many years there has been a spring of pure water in the Hollow, maintained by the city for the use of the people living there, and the closing of the street has now shut off the spring so that they have no access to it.

## WHEN A BABY HAS A COLD

Be Kind to Him, Mother; Don't Give Him Nasty Medicine—Use Nash's Salve—Pleasant, Safe, Sure

It's a positive sin to make baby take medicine except at the order of a physician. To give baby a cathartic simply because he has a cold is brutal. His little stomach and bowels are tender. Too much medicine may ruin his digestion for life.

Best and surest treatment for baby's cold and cough is Nash's Croup Pneumonia Salve. Simply put a

little in each nostril; thus he will inhale the vapor and his little head will be cleared in a jiffy. Then rub his chest generously with the salve and apply warm flannel; arrange covers about neck in such a manner that he will breathe the vapors. The cold will be broken in a few hours. Nash's Salve, "that stronger kind" is sold only in 30 and 60-cent bottles. You can get it at the drug stores.

Elyria—F. J. Collins, Campden township, refuses to be re-elected as justice of the peace. He has rendered his resignation of the present term. County election officials estimated that at least 15 persons will refuse to be elected and will fail to qualify, most of these men having been put on the ticket without their consent.

## Corso-Petrelli

Miss Rosa Corso, daughter of Mr. and Mrs. August Corso, Main st., became the wife of Nicholas Petrelli, Farrell, Pa., at 9 a. m. Thursday at St. Paul's Catholic church with Rev. A. J. Manning saying nuptial high mass.

The bride wore a pretty white georgette crepe dress and a net embroidered veil caught with orange blossoms. She carried a shower bouquet of roses and lilies of the valley. The matron of honor was Mrs. James Nevant, Farrell, Pa., sister of the bride. She was dressed in green changeable tulle and the green mink she wore around her head was caught up with roses. She carried a shower bouquet of pink roses.

Cleo Nevant, little niece of the bride, and William Corso, little brother of the bride, carrying baskets of flowers preceded the bridal party and scattered flowers down the aisle. Cleo wore a net dress over pink satin and a wreath of baby chrysanthemums around her head. William wore a black velvet suit and white blouse.

Following the wedding about 60 guests were entertained at the bride's home. The decorations were in pink and white. Baskets of chrysanthemums graced the tables at which a dinner was served.

INGROWN TOE NAIL  
TURNS OUT ITSELF

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrown nail reduces inflammation and pain and so softens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

Rheumatism for Years  
Left Him Helpless and  
Unable To Work--Cured

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. The J. H. Lease Drug Co., Floding's Pharmacy and Bolger & French have been appointed agents for Allen in this vicinity with the understanding that he will freely return the purchase money on the first two bottles to any who state they received no benefit.

## Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions. All druggists. Whooping Cough  
of Howard McGee  
is Quickly Cured

Kerker Remedy Highly Praised  
By Fred McGee, 320 N.

4th Street, Zanesville.

"Our infant, Howard McGee, 13 months old, had whooping cough very bad," said Fred McGee, 320 North Fourth street, and employed at the Mark Manufacturing Co., "and none of the remedies we had given him did any good. Kerker's Asthma and Hay Fever preparation was recommended to us and we got a bottle and gave it to him. It cleaned the whooping cough right up and in a few days Howard was in fine shape again. It certainly did great work for the boy. We now keep the Kerker remedy on hand all the time to be given to any of the family in any cough or cold troubles." (Signed)

"Fred McGee, 320 North Fourth St., Zanesville, O." The Kerker Remedy is sold in Salem by The J. H. Lease Drug Co., Floding's Pharmacy and Bolger & French.

The Hug and Kiss  
On Christmas  
Morning

—from Daughter or Wife, are among the things that put Happiness into Homes and Life into Living. They are well worth the year of waiting, but, like every Precious Treasure, they must be earned.

A Man's Work is his Life—his pleasure and his pain, his hope and his fear; the outlet for all his energies and the fulfillment of all his desires; demanding all and giving all; coaxing, driving, diverting by its endless change and variety.

A Woman's Home is her World—Is it a Bright World? Within its four walls her life is spent; always the same walls and the same deadly monotony of tasks; no change of face or scene or problem; small chance for a Happy Life unless you plant Happiness there.

Woman was cast from the clays of Tenderness, Imagination, Emotion and Art—and Man from their opposites. Woman's Nature demands and must have expression for itself and fulfillment of its mission, else there can be no Happiness.

But chiefly the Woman is Emotion—you know it, I know it, she knows it—and the Language of the Emotions is Music. Therefore give her the means to express the Greatest Force God placed within her. Let his be a Musical Christmas—for Her sake.

Home is the Common Meeting Ground of Husband and Wife, Parents and Children, Brothers and Sisters, Family Friends. Let us make it so bright and so cheerful and so happy that none will be tempted to stray from it. Herein lies Family Safety.

Will there be a VICTROLA in your Home Christmas Morning? THINK IT OVER.

Come in and let us talk over Terms and Delivery with you.

Victor Victrolas \$25.00 to \$350.

## THEATRES

"Peck's Bad Boy"  
The old comedy favorite "Peck's Bad Boy," which the grown-ups of today liked so well when they were children and which the children of today will like more for the reason that the comedy is not antiquated but has been brought up to date by Charles W. Benner, who has interpolated the modern songs of today and the latest devices in the way of laugh-provoking incidents. All that is old about "Peck's Bad Boy" of the present season is the ever popular story of the typical American boy whose pranks upon his father and mother and upon Shultz, the old grocer, are the talk of the neighborhood in which he lives. The title role is in the efficient hands of Bobbie Caprice.

The engagement at the Grand is for one day, Friday, Nov. 18, matinee and night.

Try This Simple Test

One Reason Why  
CASCARA & QUININE  
Acts On The Spot

HILL'S C. B. Q. Tablets are best by test.

Try this simple experiment:

1. Drop a C. B. Q. Tablet in a glass of clear water.

2. Instantly the tablet begins disintegrating or "breaking up."

3. In 10 seconds the medical properties are thoroughly mixed with water.

Thus, HILL'S C. B. Q. Tablets act immediately, give relief without delay and begin checking Colds and Grippe long before ordinary tablets, by actual test, are absorbed by the stomach juices. To prove this, subject other than C. B. Q. Tablets to the test, and observe that in most instances an hour or more is required for complete disintegration.

Demand C. B. Q. Tablets in red box bearing Mr. Hill's portrait and signature.

## OHIO STATE ALUMNI OF COUNTY TO MEET

More than 200 invitations to students, graduates and former students of Ohio State university, at Columbus, were sent out Wednesday for the annual Ohio State day, which will be celebrated with a dinner and a dance at the East Liverpool Country club, Friday evening, Nov. 25.

The affair is one of the many celebrations planned by former students of the school in every county of Ohio and in localities in other states. The invitations sent out Wednesday were to alumni in all parts of the county. Bernard S. Purinton of East Liverpool is president of the Ohio State Alumni association in Columbiana county. Miss Catherine Hickey, also of East Liverpool is secretary.

Each former student will be permitted to bring one guest. One of the big features of the gathering will be the receipt of radio messages, one from President Harding and one from President W. O. Thompson of the university.

## Eagles Meet Goat Hills At Alliance

After a rest of one week caused by the cancellation of the Sebring game because of wet grounds, Salem Eagles will meet a supreme test Sunday when they journey to Alliance to meet the Goat Hills.

Flushed with victories over the Sebring Tigers, East Liverpool Veterans of Foreign Wars and Kent A. C., the Goats are predicting a continuation of their winning streak.

Figuring the two teams according to comparative scores is no easy matter in which to judge the real strength of each eleven but at the same time it has some bearing on the outcome of the game. Sebring defeated Salem 14 to 0 at Salem in early football season when both teams were just beginning to organize. The Goat Hills recently organized and after playing several games defeated Sebring. The Goat Hills depend on the forward passing game largely and on a wet field which placed them at a disadvantage and greatly outweighed they outplayed and defeated Sebring.

Then they have a victory over the Kent A. C. eleven, but by a smaller score than that run up by Salem here Armistice day.

Placing all other games in the discard and using the Sebring team as a basis for figuring the relative strengths of Salem and Alliance, the Goat Hills appear the stronger of the two. If they were able to stop the onrushes of Kraft, Hogue and DeLucia of Sebring and were able to use their forward passes against Sebring, which is conceded to have a better defense against the aerial game than Salem, the Alliance Goat Hills should be favorites in the Sunday game.

## ROESSLER AND JONES SURE OF PLACES ON ALL-COUNTY ELEVEN

In Roessler at fullback and Jones at end Salem High will have two men on the mythical all-county football eleven, according to opinions already formed by county sport writers who have seen the two youngsters in action.

Roessler, it is agreed by all, is one of the best plunging fullbacks of recent years in high school. He hits the line low and with force and in the open field uses the stiff arm to advantage. Roessler had gained more ground for Salem this season than any other backfield man.

Jones, who is playing his first year

in Columbiana county football, towers away above the rest of the ends and is first choice without question. He is an expert on receiving passes and his defensive work has been one of the main factors in Salem holding opponents to a low score. Jones is a close follower of the ball, a hard player and displays good judgment in solving his opponents attack.

The complete county eleven will be selected shortly after Thanksgiving and it probably will include Siskowic and other Salem players.

## NEW JURORS DRAWN

Nine additional jurors were drawn from the jury wheel by Clerk of Courts Burns Wednesday for service in common pleas court next week.

The following were drawn to serve: Florence McClure, East Palestine; Miss Alice Shaffer, Weilsville; Robert Hales and B. W. Clark, East Liverpool; John Shelton, Leetonia; Chris Keller, Lisbon; Edward Ferrell, Negley; John F. Hively and Mrs. Mary C. Hapton, New Waterford.

## Expert Conducts Pruning Demonstrations In County

BY M. K. ZIMMERMAN

Pruning demonstrations started in Columbiana county Tuesday under the direction of F. H. Beach, specialist in horticulture attached to the State Department of Agriculture and also the extension service of Ohio State university. Mr. Beach is not going to prune trees in every orchard he visits, but he will "show the way," so to speak, by pruning a few trees, then leaving the other trees to the care of the orchardist.

Where the same pruning system was followed last year, there was a noticeable increase in the growth and crop. This means that similar results will follow next year, should the orchardists follow the suggestions of those who have made a deep study of fruit.

At 10 o'clock Tuesday morning there was a pruning demonstration

in the orchard of George Shearer, West Middleton, in Fairfield township and at 1:30 o'clock Tuesday afternoon Mr. Beach gave a demonstration in the orchard of Ralph Batavia, located one-half mile south of New Waterford.

Wednesday morning there was a demonstration in the orchard of W. S. Sanders on the Rogers-Clarkson road, and Wednesday afternoon the demonstration was staged in the orchard of Madison Morris northwest of Signal.

"Now is the time to tie up young apple trees, or those from one to six years old so the rabbits will not get at them," declares County Agent Clarence E. Rowland. "Folks can use a gunny sack for this purpose, but the sacks should be taken down early in the spring so the ants will not harm the trees. It is best to put wire

around the trees if wire is available as the rabbits will not work through the wire, and then in the spring if the orchardist is busy at other work there need not be so much haste in taking the wire down. By all means, take care of the young apple trees now, for tomorrow may be too late."

The Columbiana County Farm Bu-

rean has announced that it is ready at any time, through previous arrangement, to stage a pruning demonstration in any orchard in Columbiana county. "All we ask is that plans be perfected in any particular locality in advance, both as to location and time, and you can rest assured that we'll be on the job bright and early," said County Agent Rowland today.

## County Live Stock Men To Gather Here

New County Association Of Shippers Will Elect Officers.

The new Columbiana County Live Stock Shipping association, recently incorporated under Ohio laws with a capital stock of \$50,000, got away to a good start at Lisbon this week when 54 shippers met in the County Farm Bureau headquarters and organized by electing a board of directors.

The board will meet in the rooms of the Chamber of Commerce at Salem as soon as it is convenient for A. F. Patton, of Columbus, to be in Salem.

The board of directors of this new association is composed of: Dallas Hahn, Homeworth; A. Y. Gamble, Salem; Willard Hays, Hanoverton; William F. Hawkins, New Waterford; Homer P. Williams, Elkton.

Following the election of officers at Salem, the first matter to be taken up will be the selection of a general manager, and the designation of the various shipping points in this county. The plan is co-operative throughout and is being boosted by all Farm Bureau members.

There were 54 live stock shippers at the organization meeting, Clark J. Halverstadt of Leetonia was chairman of the session, while Hugh C. Farmer, secretary of the Farm Bureau, acted in the same capacity for the live stock association.

In forming this organization, the indiscriminate shipping of live stock is to be eliminated. In other words, the lawyer who has been accustomed to visiting the farms will have no work to do in Columbiana county and the association, which will at all times be in close touch with the various markets, will be enabled to obtain a greater return for shipments than has been possible in the past. The success of the Ohio Wool Growers association is expected to be duplicated by the Columbiana County Live Stock association.

### Sweet Sauces.

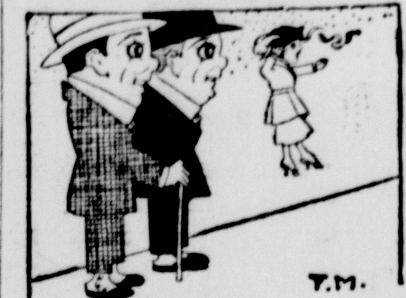

It is usual in England to serve what American housewives call "soft sauce" with the Christmas plum pudding, but the delicious "hard sauce" which we ourselves affect make a nice change. Soft sauces take the form of a thin hot custard, which will be all the more creamy if a few spoonfuls of condensed milk are stirred in after the custard is made in the ordinary way. Another favorite sauce is made by adding sugar to melted butter.

Clothier, W. Va.—Removal of the last of the United States troops who

have been on duty in the Boone-Logan county zone, since the miners' insurrection in August will take place soon.

### Influence.

"Do your constituents approve of a lobbyist?" "Not by that title," replied Senator Sorghum. "When they spot a man with talents for pull and persuasion they're mighty likely to elect him to some position where he can look after their business interests with some show of authority."

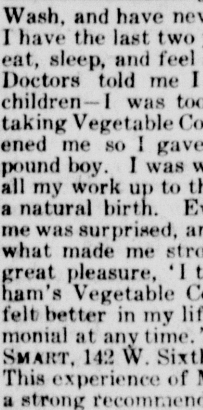

PROBABLY DID

## THIS WOMAN'S EXPERIENCE

Brings a Ray of Hope to Childless Women

Lowell, Mass.—"I had anemia from the time I was sixteen years old and was very irregular. If I did any housecleaning or washing I would faint and have to be put to bed, my husband thinking every minute was my last. After reading your text-book for women I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and have never felt better than I have the last two years. I can work, eat, sleep, and feel as strong as can be. Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they ask me what made me strong I tell them with great pleasure, 'I took Lydia E. Pinkham's Vegetable Compound and never felt better in my life.' Use this testimonial at any time."—Mrs. ELIZABETH SMART, 142 W. Sixth St., Lowell, Mass. This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases.

## HOW TO REDUCE VARICOSE VEINS

Many people have become despondent because they have been led to believe that there is no remedy that will reduce swollen veins and bunches. If you will get a two-ounce original bottle of Moore's Emerald Oil (full strength) at any first class drug store and apply it at home as directed you will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.

Moore's Emerald Oil is very concentrated and a bottle lasts a long time—that's why it is a most inexpensive treatment. It has brought much comfort to worried people all over the country and is one of the wonderful discoveries of recent years and always bear in mind that anyone who is disappointed with its use can have their money refunded. Generous sample on receipt of 15 cents, silver or stamps. International Laboratories, Rochester, N. Y. Your druggist or The J. H. Lease Drug Co., Flooding's Pharmacy or Bolger & French can supply you.

## Does It Pay to Worry About Appendicitis?

Can appendicitis be guarded against? Yes, by preventing intestinal infection. The intestinal anti-septic, Adler-ka, acts on BOTH upper and lower bowel removing ALL foul, decaying matter which might start infection. EXCELLENT for gas on stomach or chronic constipation. It removes matter which you never thought was in your system and which nothing else can dislodge. One man reports it is unbelievable the awful impurities Adler-ka brought out. J. H. Lease Drug Co.

## Former Salem Lad Is Instructor In Boxing At College

Sammy Dreyer, Canton lad, former of Salem is holding the position of boxing instructor at Brown university, and he also is taking on several professional rivals in order to swell his bankroll during student days at the eastern institution.

Dreyer is booked for a meeting of 12 rounds with Johnny Lucas, feather-weight champion of Canada, and he will meet Johnny Sheppard, English champion, over the 12-round route to a decision at Boston, within the near future.

Dreyer will not continue in professional circles for any length of time. After his bouts with Lucas and Sheppard he intends retiring from ranks in which money is the reward of ring activities.

Bridgeport—A unique explanation has been offered for the defeat by local voters of a proposed bond issue designed to pay for paving the National road through Bridgeport. An official said that taxpayers believed if the streets are not improved for a while the state will step in and pay for part of the work.

Columbus—"Ohio churches do not need more ministers, but they do need more efficient pastors and better distribution of them," declared Rev. B. B. Lamp, Columbus, secretary of the Ohio Federation of Churches.

## "The Lost Romance"

A story of a million married lives, throbbing in the hearts of one wife and one husband.

Both yearning for the vanished thrill of sweetheart love. Both wondering why the passing years of marriage should steal away romance.

So, drifting apart, the man plunged into

the world's affairs. The woman, in spite of her child and her vows, turned to an old-time lover.

Until the great and terrible thing crashed into their home! And taught them how true romance may live! A picture with all the allurements and charm of William de Mille's "Mid-summer Madness," yet finer and deeper far.

Musical Program by Hundertmark-Bartholomew Orchestra
